

# **"Right Brain" Business Development Coaching Group**

*Starting September, 2010*

Participants will receive some creative, fun tools to help with the structure important to our businesses. And so much more. . .

## **Focused and Fun!**

Groups and the dynamic interaction they provide can be really fun for "right brainers"! And too many fabulous people in a group can also be a distraction / overwhelming. That's why the **"Right Brain" Business Development Coaching Groups** are *limited to 4 participants*.

In each session you will get:

- ⇒ Information related to being a "right brainer" and how to create more effective structures for success in your business
- ⇒ Some coaching focused on your business objective
- ⇒ The benefit of learning what others in your group are doing / creating in their own businesses; and how they are working with this material

## **Easy**

Each session will be held via telephone seminar on a bridge platform. This means you can put your feet up and join the group from the comfort of your home or office – anywhere in the world you happen to be! No travel expenses, time or stress!

Additionally, each of our meetings will be recorded, so if you miss the group or want to review the material, you can listen any time you wish!

## **Affordable**

The group format allows us to make your investment very do-able. At \$79 per month, that is less than \$40 per session. (Compare with individual coaching at \$300 - \$500 per month -- or more!)

## **When**

- ⇒ Starting in September 2010 and running for 3 consecutive months (Sept/Oct/Nov)
- ⇒ 2 - 1 hour sessions per month
- ⇒ Each group will determine its own meeting times

## **Who**

Your group will be facilitated by:  
Annie Kirschenmann, M.S., BC-DMT, NCC, Certified Corporate Business Coach.
